**East Texas Surgeons Speak at Free Seminar
When Back Surgery IS the Answer**

Experts estimate that 80% of the population will experience back pain some time in their life. Advances in technology, techniques, and physical therapy are bringing pain-free living and quality life to more people than ever before.

Texas Spine & Joint Hospital is hosting a free seminar with guest speakers, Guy O. Danielson, M.D. and Aaron Calodney, M.D. on Thursday, April 26, 2007 at 6:00p.m. Dr. Danielson is a neurosurgeon specializing in back and neck surgery in East Texas for over 20 years. Dr. Calodney is an interventional pain management physician specializing in advanced back and neck pain therapies in East Texas for 15 years.

Drs. Danielson and Calodney will discuss spine surgery, pain therapy and the newest advances in back surgery, research and surgical pain therapy.

This free seminar is open to the public. Reservations can be made by calling 903-525-7002.
