

TEXAS SPINE & JOINT HOSPITAL

DELINEATION OF PRIVILEGES INTERNAL MEDICINE

NAME: _____

INITIAL APPOINTMENT/REAPPOINTMENT
(CIRCLE ONE)

REQUESTED	PRIVILEGE	APPROVED	DENIED
	SPECIAL STUDIES, INVASIVE		
	Arthrocentesis		
	Bone Marrow Aspiration		
	Chest Tube Thoracostomy		
	Thoracentesis		
	Arterial Lines		
	Internal Jugular Catheterization		
	Paracentesis Abdominal		
	Lumbar Puncture		
	Subclavian Catheterization		
	Transtacheal Aspiration		
	Pericardiocentesis		
	Swanz-Ganz Catheterization		
	BIOPSY AND EXCISION		
	Needle Biopsy of:		
	Bone Marrow Aspiration		
	Thyroid		
	Pericardial Biopsy (closed)		
	Peritoneal Biopsy (closed)		
	Pleural Biopsy (closed)		
	Subcutaneous Nodule		
	Skin Biopsy		
	Other (please specify)		
	SPECIAL STUDIES, NON-INVASIVE AND OTHER PROCEDURES		
	Endotracheal Intubation		
	Pulmonary Function Interpretation		
	Respirator Management		
	Other (please specify)		
	CARDIOLOGY		
	Pericardiocentesis		
	Cardiac Pace Maker (Temporary)		
	Swanz-Ganz Catheterization		
	Elective Cardioversion		
	Right Heart Catheterization		
	Left Heart Catheterization		
	Sub-selective Coronary Angiography		
	Sub-selective Pulmonary Angiography		
	Myocardial Biopsy		
	Implant of Pacemaker		
	Placement of Permanent atrial and ventricular pacing electrodes		
	Percutaneous Transthoracic Pacemakers		
	Percutaneous Transluminal Coronary Angioplasty		
	Intracoronary Stent Placement		
	Electrophysiology Studies (Levels to be agreed upon)		
	Cardiac Output by FICK and Thermodilution		
REQUESTED	PRIVILEGE	APPROVED	DENIED

CARDIOLOGY - CONTINUED			
Pericardial Window			
Emergency Cardiac Defibrillation			
Administration of Pharmaceutical Agents for Clost Lysing - Intra-venous			
Administration of Pharmaceutical Agents for Clost Lysing - Intra - coronary			
Intra-aortic Balloon Pumps, with insertion of Balloon catheters			
Coronary Atherectomy			
MRI Cardiac Imaging			
Cardiac Nuclear Imaging			
Trans-esophageal Echocardiography			
NEPHROLOGY			
Hemodialysis			
Peritoneal Dialysis			
Continuous Arterial Venous Hemofiltration			
Subclavian or Femoral Vein Placement of Dialysis Catheter			
Percutaneous Renal Biopsy			
DERMATOLOGY			
Biopsy, Punch and/or Excision of Skin Lesion			
Cryotherapy (e.g., liquid nitrogen)			
Excision of lesions with Primary Closure or Flap Closure			
ENDOCRINOLOGY			
Thyroid fine Needle Biopsy			
1121 Therapy for Hyperthyroidism			
1131 Therapy for Thyroid Cancer			
ENDOCRINOLOGY			
Scratch Allergy Testing, Inhalants			
Scratch Allergy Testing, Foods			
Intradermal Allergy Testing, Inhalants			
Intradermal Allergy Testing, Foods			
Scratch Allergy Testing, Biologicals/Drugs/Venom			
Intradermal Allergy Testing, Biologicals/Drugs/Venom			
Delayed Hypersensitivity Testing			
Therapeutic drug Desensitization, Acute			
PULMONOLOGY			
High Frrequency/Jet (MV)			
Pulmonary Stress Testing (exercise)			
Inhalation Challenge Testing (methacholine)			
Pleurodesis (chemical)			
Thoracoscopy			
Polysomnography Interpretation			
Flexible Bronchoscopy			
Rigid Bronchoscopy			
Percutaneous needle Lung Biopsy			
GASTROENTEROLOGY			
Esophageal Dilation			
Balloon			
with Guidewire			
Mercury			
Colonoscopy			
Biopsy			
Polypectomy			
Control of Hemorrhage			
Tumor Destruction			

REQUESTED	PRIVILEGE	APPROVED	DENIED
------------------	------------------	-----------------	---------------

GASTROENTEROLOGY - CONTINUED			
Esophagogastroduodenoscopy			
Biopsy			
Polypectomy			
Esophageal Variceal Sclerosis			
Diagnostic ERCP			
Endoscopic Sphincterotomy with Stent Placement			
Percutaneous Endoscopic Gastrostomy			
Percutaneous Endoscopic Jejunostomy			
Injection Therapy to Control GI Bleeding			
Liver Biopsy			
Laparoscopy			
HEMATOLOGY - ONCOLOGY			
Chemotherapy			
Planning			
Administration of Drugs			
PHYSICAL MEDICINE AND REHABILITATION			
Debridement of Decubiti			
Electromyography - Nerve Conduction Studies			
Motor Point Block			
Trigger Point Injections			
Nerve Block, Peripheral			
PROCEDURES THAT MAY REQUIRE SPECIFIC COURSE CREDENTIALING OR PROOF OF RESIDENCY TRAINING			
For ECG Interpretation and Treadmill Stress Testing, an ECG interpretation test must be taken and passed by the applicant.			
ECG Interpretation			
Echocardiography with Doppler			
Thyroid Uptake and Scan Interpretation			
Phenol Neurolysis			
Treadmill Stress Testing			
Peripheral Vascular Studies (extremities)			
Cerebrovascular Doppler and Real Time Interpretation			
Flexible Fiberoptic Proctosigmoidoscopy			
35 cm			
65 cm			
NUCLEAR MEDICINE PROCEDURES AND INTERPRETATION (Please Specify)			
MISCELLANEOUS			
Conscious Sedation (SEE ATTACHED CRITERIA AND APPLICATION)			
LASER PROCEDURES			
Pulmonary Medicine	Type of Laser Used (Please Specify)		
Tracheal or Bronchial Obstructing Tumors			
Bleeding Tumors (coagulation)			
Carcinoma in-situ			
Gastroenterology			
Treatment Acute Hemorrhage			
Bleeding Ulcers			
Vascular Lesions			
Tumor Palliation			
Esophageal			
Gastric			
Colonic			
REQUESTED	PRIVILEGE	APPROVED	DENIED

LASER PROCEDURES - CONTINUED			
	Dermatology		
	Excision or destruction of lesions of the skin, mucosa or nails		
	Skin peeling (laserabrasion)		
	Destruction of superficial vascular lesions, pigmented lesions and tattoos		

Acknowledgment of Practitioner

I am qualified to perform the privileges I have requested based on my licensure, education, training, experience and current competence. I certify that I am able to perform the privileges I have requested.

Practitioner's Signature
